Alabama Editors Attack Boswell Ammendment

By EMORY O. JACKSON,
Political Writer
Alabama Negro Press Association

BIRMINGHAM, Ala. (ANPA)—When Alabama voters go to the polls on December 5, they will pass on the "race issue" in the form of the "Boswell Amendment."

Obviously, the furious campaign of hate to be engendered by efforts of the State Democratic Executive Committee, headed by Gessner T. McCorvey of Mobile, to pass this bill will cancel the high prestige of Alabama in the eyes of the nation.

The "Boswell Amendment" seeks to make the Democratic Party in Alabama a "white man's party." It will do more. Actually, it will wipe out Negro voting. Negroes will not be able to register. Consequently, the Negro citizen unjustly will be shut out of all political parties and all elections.

In reality, the "Boswell Amendment" is worse than the "white primary." For the "white primary" only barred Negroes from voting in the "white primary" and this amendment would actually ban them from becoming voters at all.

While directed at Negroes, it will legally give the reactionary politicians a chance to break up the progressive political organization of liberal Senator Lister Hill. Progressive white voters, under the Boswell plan, could be easily checked. White veterans, exempted from poll tax, would be subject to this bill.

NAACP Finds Eye-Witness To La. Lynchings

NEW YORK—The intensive search conducted by the NAACP through Louisiana, Texas, Pacific Coast and Middlewestern states resulted in finding Albert Harris and his father, Negro fugitives from Louisiana mob justice. Young Harris, eyewitness to the blow torch, meat cleaver lynching of Negro veteran John C. Jones, had been the object of a dramatic search conducted by the FBI and the NAACP as well as members of the Louisiana mob who, fearing the youth would identify them, rushed to Texas on August 19 in hopes of silencing him.

Both Harris, father and son, were finally discovered August 23 by the NAACP which had alerted each of its 1001 branches throughout the nation to offer protection to the fugitives wherever they appeared. Madison Jones, Administrative Assistant, was rushed to an undisclosed middlewestern town to bring the wouth and his father to New York where their testimony will be made available to the FBI. The Harrises arrived in New York on Wednesday, Aug. 28.

Young Harris was attended upon arival in New York by Dr. Robert S. Wilkinson who stated, "The deep scar on the boy's forehead where he was beaten with the butt end of a .45 caliber pistol is still infected. There are healing scars on both wrists, arms and scarred after a terrible beating. He shows evidence of a severe shocking experience but his youth and good physical condition will pull him through."

Albert Harris Sr., the youth's father was also severely beaten when deputies and others attempted

Negro Newspaper Editor Confer In Birmingham

Veterans Problems Are Discussed

BY VOLLENE B. HUGHES

BIRMINGHAM—The first conference of Aabama Negro Newspaper editors was held here at the Colored USO August 7. The house was called to order by Editor F. P. Thomas, of the Alabama Citizen, Tuscaloosa, Ala. The editors and their representatives were introduced to the house, after which Editor Emory M. Jackson of the Birmingham World was introduced as chairman of the meeting. The Chairman spoke briefly and distinctly bringing out some of the major points of the Negro veteran and his handicaps.

A series of topics were discussed. W. B. Twitty of the Southern Regional Council and now a candidate for Congress opened the discussion with the topic "Veterans Problems in the South." Main points of interest in his discussion were, the lack of industries being due to the lack of trained personnel. He urged that all veterans that are drawing readjustment funds be placed, "On the Job Training." "Organized efforts should be enforced by all editors and interested citizens to see that all veterans be challenged to some profession, trade or business," commented Mr. Twitty. "Opportunities for Veterans in FSA Programs" were discussed by George L. Davis, Informational Specialist Farm Security, Administrtaion, who stated that opportunities are presented to

Dr. D. V. Jemison To Retire As Prexy

By EMORY O. JACKSON
Alabama Negro Press Association
Staff Writer

BIRMINGHAM, Ala. (ANPA)—(Exclusive)—Dr. D. V. Jemison, of Selma, will decline to be a candidate for re-election as president of the National Baptist Convention at its annual session in Atlanta, Ga., this week, The Birmingham World has learned from unimpeachable sources.

He will also relinquish the presidency of the Alabama State Baptist Convention, with Rev. J. C. Cunningham, of Birmingham, pastor of the Macedonia Baptist Church, Ensley, favored to move up from vice-president as successor to Dr. Jemison in the State Convention.

Southern delegates, led by influential Alabama Baptist leaders, will support Dr. W. E. Perry of Oklahoma City, Okla., for president of the NBC, it is said.

President James L. Horace of the Illinois Baptist General State Convention is campaigning for the office on an appealing platform, which includes electing Dr. Jemison president-emeritus and paying him a living salary for life.

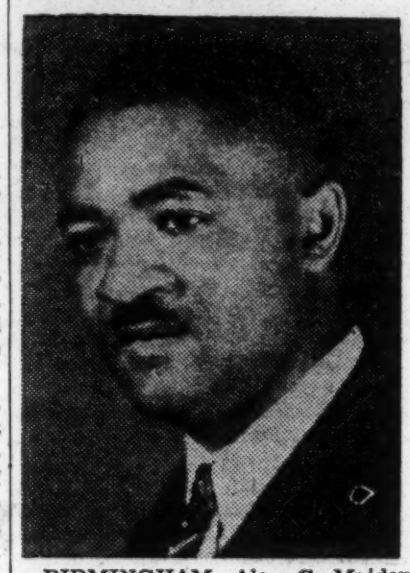
Approximately 300 registered delegates for Alabama are expected to attend the Atlanta meeting.

The venerable Rev. R. N. Hall, staunch Jemison supporter, whose influence behind the scenes could be counted upon to unify the "Solid South" vote behind a candidate, may not be able to attend the meeting. He was scheduled to undergo a minor operation the past weekend.

Failing health is the motive behind Dr. Jemison's decison to retire, it is said. It is known that he had confided with friends several months ago of his desire to "come down" because of faltering eyesight.

Spare Stamp No. 9 and No. 10 each good for five pounds canning sugar, expires Oct. 31.

Greets Labor



BIRMINGHAM, Ala.—C. Maiden extends greeting to organized labor throughout the Southland. Labor is out to achieve its victory with its organization program.

Every thinking person now realizes that organization in any form will in the end succeed over the non-organizations. The A. F. of L. has this in view with all its programs.

With this Labor Day coming forth we must look back and see with satisfaction what organized labor has accomplished.

More than two million organized workers are under the banner of the A. F. of L. in the South with its vast program many more are expected to join this number.

Social security, old age benefit wage, hour law and the G. I. Bill of Rights all had the support of the A. F. of L. The A. F. of L. has as its motto "All Men Up and No Man Down."

Maiden has been travelling through the South. He has pointed out to the workers the improvements made in the working conditions, with the renewing of contracts, with satisfactory wage increase and other conditions. A number of new locals are being organized. The A. F. of L. will continue to carry its fight for the workers to have a right to vote.

What's Happening at the Center

By S. W. WASHINGTON

Last Sunday the National Council of Negro Veterans held open House at the center a large number of veterans ,their wives and friends attended.

Wednesday the Girls Scout Troop 9 held their meeting in the Children's Library. They discussed plans for a picnic to be held on the Center's grounds.

Wednesday night there was a lively game of bridge going on in one of the club rooms. Why not get a foursome and come out for a rubber or two?

After spending two weeks in the Veteran's Hospital at Tuskegee, Ala., the director is back busily at work improving things around the Center. One of his first jobs was the erection of two sets of swings in the East yard for the children.

Much credit is due Mr. A. L. Jackson of Stillman Inst. for his assistance in getting the swings.

A new batch of horse shoes are also available for the youngsters who delight in the game of "Horseshoe Pitching." If you think that you're good at that game you should see some of the kids aruond here throw those shoes. Constant practice has made some of them almost perfect. The same is true of Ping-Pong. The tables which have been moved on the back porch and yard are, constantly in use day and night. Some of the players perform like professionals. It is a pleasure to watch them.

In the Children's Library the Cadmus Series is making a great hit with the little folk. There are books on the age and grade level of all children. The books are beautifully bound and illustrated. Why not come over and inspect the books and encourage your children to avail themselves of the opportunity to read some really good books. We are vey anxious to have the children enjoy them. Story Hour has been resumed in the Children's Library. Let them come to it.

The adult Library also has books to suit every taste. The classroom teacher will find a wealth of material to help her with her pupils.

Some of the rooms in the Center have been converted into temporary class rooms to be used by the Industrial High School until that building is completed. The rooms are cozy and the students should enjoy the hours they spend in them. Much work has been done to make them comfortable.

The Center, Belongs To You! Come over and share with others the enjoyment of it.

Bohanan of the Training School of Nashville, Tenn., has announced the opening of the fall term as September 16, 1946.

We are sorry to say that the President of the Women's Auxiliary, Mrs. S. W. Layton of Pennsylvania is ill and because of her physical weakness she will hardly be able to attend the convention. We are all praying for our President that she will have the strength to be present and to direct the affairs of the Convention.

Columbia Trial Judge To Quiz Jurors On Bias

LAWRENCEBURG, Tenn.—In a desperate fight against the "steamroller" justice of Tennessee, which seems set to pick a "hanging jury" of hostile proponents of "white supremacy," NAACP lawyers lost another round yesterday. On the excuse that the attorneys for the 25 Columbia Negroes charged with attempted murder were using more time than necessary and were "going too far afield," Judge Joe M. Ingram handed down an extraordinary ruling. Hereafter, the judge has decided, he will address all questions on feelings of prejudice to prospective jurors from the bench. Thedefense must submit all race questions to him, in writing, well in advance of the day's questioning. and he will conduct the future examination of veniremen on that point.

This ruling was vigorously contested by NAACP attorneys Z. A. Looby, L. A. Ransom and Maurice Weaver, since it makes it impossible for the defense to determine fairly what the true feelings of prospective jurors may be on race prejudice and the legal rights of Negroes.

In addition to denying to the defense lawyers their legal right to examine thoroughly all prospective jurors on the question of race prejudice, Judge Ingram fined one man $50 for contempt of court because of his statement that he would not be able to serve on the jury because of his race prejudice against Negroes.

Attorneys Looby and Weaver immediately made motions for a mistrial and for a change of venue, on the grounds that the judge, by ruling in this manner would prevent the defense from getting prospective jurors to admit their feelings of race prejudice and, therefore, they would not get honest answers from the jurors on this all-important question.

As it is,over two weeks of questioning have produced only five jurors even faintly acceptable, and the defense lawyers have used up 39 of the 200 peremptory challenges they are allowed in blocking the choice of biased veniremen. There are 120 left on the present venire to be questioned. Of the 190 questioned so far, 75 to 80 have expressed a bias against Negroes.

Dr. Leon Ransom also charged Judge Ingram had committed "a grievous error" in ordering that Clarence Brown, a defendant, forfeit his $5,000 bond for failure to appear in court on Aug. 22, although the defendant was ill and a physicain's certificate was shown as reason for his absence. Nevertheless, the Judge ordered Brown to be brought into court from his sick bed and raised his bond to $10,000. Brown was kept in jail until a bond for that amount was raised. The Judge refused to permit acceptance of a bond from twoo ther defendants, James Morton and Julius Blair. P. S. War Bonds were also refused as security. Five thousand dollars in cash, was raised locally, however, and the NAACP contributed another $5,000 for Brown's release.

Spare Stamp No. 49 good for five pounds of sugar, expires Sept. 30.

Tuscaloosa City and county schools are opening Septmber 9.

Tuscaloosa 4-H Clubs Hold Encampment

Fifty 4-H Club members and leaders from twenty-one communities of Tuscaloosa County camped at the Tuscaloosa County Training School for three-day program on August 28, 29 and 30.

Registration, acquaintance social, and Bible periods were the main features of the first day's program. Rev. C. Tyler, pastor of the Presbyterian Church, gave a very interesting lesson in moral, virtues, character building in a very practical way. It was well understood and appreciated by all.

Our second day featured a health lesson, given by Mrs. Robinson, county health nurse, some common causes, prevention and cures of our most hazardous social diseases. Her lesson showed both that much thought had been given to its preparation and presentation. We feel that unlimited good has been done rural boys and girls after hearing this inspiring message.

The evening was filled with games including both indoor and outdoor events, and climaxing with an amateur hour program. This program consisted of songs and poems presented by clubsters. Elzora Harris of Holt, Eugenia Bell and Catherine Curry of Alberta City won the prizes that were given.

Thursday's Bible study was conducted by the Rev. F. D. Holly. His program began with the distribution of mimeograph lesson. It was well outlined with facts, a story, and questions on the Bible. Clubsters are better able to appreciate the Bible after such lecture.

Demonstrations on Poultry Husbandry, farm engineering table setting were given.

Other guest speakers on the program were: K. A. Johnson, Superintendent of Education, who gave some very warm words of welcome and related some very valuable steps being made for Negro children in a progressive direction in Tuscaloosa County.

R. B. Holsteen, County Agent, Tuscaloosa, brought a message to the group that was very inspiring. He pointed out the real value in organization and urged that a greater effort be put in that direction.

W. B. Hill's message was based on planning for a greater future by a well organized youth program. Mr. Hill is Negro District Agent of North Alabama.

Other visitors attending at various intervals were as follows: J. Collnis, Principal of Tuscaloosa County Training School; Miss M. F. Myhand, Negro District Agent, North Alabama; Miss Jacob, Negro Home Demonstration Agent of Jefferson Count; Mrs. Mattie Bush, Jean Supervisor of Tuscaloosa County; M. Hughes, principal of Industrial High School; Rev. Poole and Elder Poole of Northport; E. Palmore, Vocational Agriculture Teacher, Northporth, and a host of parents and friends.

We are very grateful to the Farm Bureau for this program was made possible by their sasistance.

Million Mobsmen Take Tribute From Business All Over The U. S., Public Pays Toll

Racketeering in all its ramifications, particularly that branch which centers its activities in the illicit liquor traffic, is forcibly pictured in "Scarface," the Howard Hughes epic which will come to the Diamond Theatre on Sunday, Monday and Tuesday.

The result is a vehicle which for sheer dramatic power has seldom been equalled upon stage or screen, as has been attested by stage and film producers, playwrights and public officials who have witnessed the picture at private previews.

Rackets, as newspaper readers have long since learned, are illegal activities organized upon a business basis, and it is the working of this tremendous organization which is pictured so forcibly in "Scarface." After all, it is admitted publicly that rackets are the bane of the country, and it is confidently predicted that "Scarface" is pictured with such powerful authenticity that it will go a long way toward correcting the evils of crime.

A mob of more than a million underworld characters are today engaged in some form of racket, taking toll from business all over the United States.

While liquor and the collection of protection is the source of the gangsters' biggest graft, the tentacles of gangland reach out into all lines of business endeavor, paddin the racketeers' purse from many sources.

If a gangster stole an auto, he would be just a plain thief. But if through organized crime he steals an auto over and over again, it is called a racket and he gets away with it.

The completeness and the extent of the gangster system is the biggest police problem in the United States today.

Hundreds of swindlers, pickpockets, dope peddlers, petty thieves and ladies of the evening are dependent upon thue racketeer for existence. Even the hotels are not immune.

Wipe Out Gangland

All of this can be changed and gangland wiped out once and for all, according to a picture just released by Howard Hughes, the young producer, who has spent millions of dollars giving splendid screen entertainment to the public.

Hughes has made an underworld picture called "Scarface" which comes to the iamond Theatre on Sunday, Monday and Tuesday, that points the way to ending the racketeer.

Hughes points out that the gangster shows no mercy and none must be extended to him. Wipe out the racketeer, down with the gunman and show no mercy whatever to the mobsmen who are responsible for the loss of millions of dollars in [illegible]

Hostile reactionaries would be able to halt white union men.

In 1901, the reactionary forces placed the poll tax on, under the guise of checking the Negro vote. However, it actually operated equally against the poor white man. History seems to be repeating itself. Arguments used in 1901 by the McCorvey-type politicians are identical with the ones used in the support of the "Boswell Amendment."

Here are some of McCorvey's views on the Boswell amendment:

"I might add that while a few few members of our State Committee have expressed the thought that the funds of the State Committee should not be expended in a campaign either for or against the adoption of the proposed "Boswell Amendment," yet the great majority of the members of our Committee have taken the position that since the emblem of our party is crowing rooster with the words 'WHITE SUPREMACY' above the rooster, and the words 'FOR THE RIGHT' below the rooster, that it is entirely proper that the State Democratic Executive Committee should lead the fight to maintain the traditions of our Party in this State by adopting the proposed amendment to our Constitution and endeavoring, as far it can legally be done, to make the Democratic Party in Alabam a the the 'White Man's' party."

to force him to disclose the whereabouts of his son.

Young Harris told reporters at a press conference held at NAACP offices in New York's Freedom House, the horrifying details of his ordeal in the Louisiana woods. His description of returning consciousness and hearing veteran John Jones groan for water left seasoned reporters shocked and silent. Harris said he then crawled to a creek, filled hiss hoe with water which he carried to the horribly mutilated man who only a short time ago fought for his country ni the great Battle of the Bulge in Belgium. Albert Harris said that all he could do was to lift Jone's head to his lap and sit quietly as he died. "I thought that would make it a little easier," said the quiet youth.

Albert Harris is considered one of the most important witnesses ever found by the NAACP in its long years of fighting southern lynch terror. It was pointed out that in spite of the critical nature of the recent lynch wave, the FBI has not apprehended one white southerner on a lynch murdre charge. One observer pointed out "that it would be extremely od if no arrests were made in this case since young Harris can positively identify members of the mob."

Break Expected In La. Lynching Case

Oil Rights Given As Probable Motive

NEW YORK—What is described by an NAACP official as "a most dramatic break in the current wave of lynch terror hovering over southern Negro communities" is expected almost momentarily. The lynching of John C. Jones, Negro war veteran whose mutilated body was found in a Louisiana swamp, may provide the opening wedge in the desperate drive being conducted by the Association to drive lynch mobs out of existence.

Focal point in the drive is Albert Harris, shy, gangling 17-year-old Negro youth who owes his life to the bungling of Louisiana "law enforcement" officers and the Louisiana lynch mob which apparently possessed a rather startling knowledge of developments in the local sheriff's office.

The testimony of young Harris and his father, who fled with him from what would have been certain death in Minden, Louisiana, was of such a positive nature as to virtually assure immediate federal action. The youth, whose body bears a raw

BY ALABAMA CITIZEN
Rev. O. S. Harvey (Religious Editor)

ATLANTA, Ga.—Dr. D. V. Jemison, prominent minister of Selma was unanimously re-elected president of the National Baptist Convention in its annual session here this week. Despite the many rumors that he would resign, the national leader calmly stated that he had made no statements to that effect and would accept the office if elected. It was rumored thta Dr. Jemison would decline the nomination. At the session Tuesday the messengers of the convention were discussing the rumors pro and con. Dr. Jemison on the same evening was resting at the home of the host pastor, Dr. W. M. H. Borden in order to ease the passion of his four million followers. He declared that he was dumfounded at hear-
